Your redeemables provide hope for those living in abject poverty

THANK YOU FOR YOUR SUPPORT

Kids in the Congo was founded in 2008 as a result of a conversation between Board President Lynne Brouillette and Congolese Assumptionist Fr. Salvator Musande. Begun as a grass roots project, we have grown into a non-profit which currently provides education assistance to 100 students in the Democratic Republic of Congo. Over the years, we have also provided uniforms, backpacks, footwear and school supplies to over 200 students, established a library in Kambali High School, provided \$1000 towards furniture at Assumption High School in Kenya, and helped build a structure to house cows for the Masai tribe in Digodigo, Tanzania.

Our current projects include buying furniture for Kindugu Elementary School in Butembo, establishing a library at Prince of Peace School in Beni and purchasing electrical and printing equipment for hands on training at Mahamba High School. All of these schools are located in the Democratic Republic of Congo.

Kids in the Congo is a non-profit 501 (c) 3 organization
